PURESTONE SLIMLINE SHOWER TRAYS

Modern manufacturing processes and stone resin materials have allowed for increasingly thinner shower trays in recent years, and our selection of high quality Purestone shower trays gives you the opportunity to create a modern, minimalist shower enclosure without the bulky look of older-style deep trays.

Standing only 35mm in height, these low profile shower trays are perfect for creating a minimal look for your showering space. Available in square, rectangular, quadrant & offset quadrant versions.

KEY FEATURES

- Slimline 35mm height.
- ABS capped stone resin.
- Optional riser leg and panel pack.
- Extensive range of sizes.
- CE approved.
