About Calypso

Who are we?

Calypso bathroom furniture is a UK industry-leading brand of furniture from Woodstock Trading Company, part of the Woodco Group, a family-run business which has been established over 20 years. The company promotes forward-thinking design, functionality and style, and strongly believes that these elements should always be included in every product it offers and is proud of the high level of quality and care that goes into the development of each range.

Each of our collections includes a variety of contemporary and more traditional and timeless designs of bathroom furniture, which is complemented with WC's, basins, taps, shower fittings, mirrors, lighting and other accessories in a wide variety of styles, materials and finishes.

Our highly skilled in-house research and development team works tirelessly to keep abreast of trends and maintain Calypso at the forefront of the industry. Everything from our carefully selected colour palettes to each original wood finish is chosen to reflect the current demands and styles of our customers.

Our Ethical and Environmental Responsibility

Here at Calypso, we take our environmental responsibility extremely seriously and are always looking at ways to improve our operations to make the company even more environmentally friendly.

Our environmental policies ensure that we are always seeking to minimise our environmental impact as much as possible.

As part of our effort towards a more sustainable future, all packaging is sourced through FSC (Forestry Stewardship Council) accredited mills, whilst each brochure is manufactured from sustainable and audited sources. In addition, all of the timber used within our products is from FSC accredited suppliers and we're working towards a 100% recyclable packaging strategy.

We invest heavily in sourcing the most modern and eco-friendly vehicles for our delivery fleet to ensure we are operating on a minimal carbon footprint.

Why Choose Calypso?

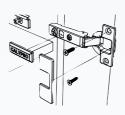

Products

Every product in the Calypso range is subject to rigorous R&D processes to ensure they attain to the highest standards of design, functionality and quality. Our policy of pursuing continuous improvement ensures that what we offer remains at the forefront of the industry.

Made in UK

Over 95% of Calypso fitted furniture cabinets are made in our UK factories and over 80% of the fascias. Other furniture products are produced in close cooperation with our European partners. This enables us to keep close control over operations and quality and maintain consistent high standards throughout our ranges.

Planning Help & Advice

Calypso bathroom furniture is displayed and sold through over 800 trusted retailers nationwide so you are never too far from our products or from expert advice. To find your nearest showroom visit www.calypsobathrooms.co.uk/find-a-retailer and one of our partners will guide you through the planning and installation of your new bathroom.

Free Sample Service

Choosing furniture is not always easy without seeing a bit of the real thing, which is why we always recommend that you try our FREE 24-hour sample service so you can view the styles and finishes in the comfort of you own home to ensure you have the perfect shade representation. To order your samples visit www.calypsobathrooms.co.uk/request-a-sample or call our Customer Success team on 01432 367367.

Stock & Delivery

We are pleased to be able to say that over 99% of all Calypso products are held in stock at our distribution centre, which means you can be sure you will receive whatever you choose without delay. Delivery to over 95% of mainland UK is via our own fleet of vehicles, driven by fully trained employees of the company who are proud to ensure your bathroom arrives at the retailer safely, on time and in full.

Aftersales & Guarantees

Should any issue arise with any of our products after installation is complete, our dedicated and friendly aftersales team is there to help reach a swift solution. This attention to care is fully supported by our 5-Year Guarantee covering all Calypso products. You can buy with confidence.

Planning & Design

Furniture Selection

2020 Fusion

At Calypso Bathrooms, we work with all leading software companies so that we can offer an unrivalled service. Many Calypso showrooms will be fully equipped with the latest CAD software and will be happy to help you design your luxury bathroom to bring that dream to a reality.

An increasing number of showrooms are now able to generate life-like images of your new bathroom, some can even take you on a 4D journey using virtual headsets where you can visualise your amazing new space. Once you have fine-tuned your choices with a bathroom designer, they will then take you through the costs and installation times.

Remember, we offer a free sample service to help you choose and visualise your dream bathroom, start your journey now by visiting www.calypsobathrooms.co.uk

BOWLAND Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

The WC unit shown below in the example, if required in Bowland Frost White should be ordered as: 8302BL FW This will ensure the correct fascia panels will be added automatically to your order.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

BOWLAND - BL Frost White - FW Frost Grey - FG

Champagne - CP

Blueberry - BB Metallic Slate - MS

MATCHING EDGING

Hard wearing ABS edge to match the face finish exctly.

GLASS EFFECT EDGING

The unique ABS edging to enhance the look of the polished acrylic fascia.

ROOM FEATURES

Palma Brushed Brass Basin Tap

BRECON Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range and listed below.

XAMPLE:

The WC unit shown below in the example, if required in Brecon High Gloss White should be ordered as: 4226BR H This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance, both the carcass finish code and fascia finish codes will need to be specified. See page 322.

CHEVIOT Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range and listed below.

The WC unit shown below in the example, if required in Cheviot Frost White, should be ordered as: | 4226CT | FW This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance, both the carcass finish code and fascia finish codes will need to be specified.

CHEVIOT - CT Frost White - FW Frost Grey - FG

Champagne - CP Sea Breeze - SB

Blueberry - BB Metallic Slate - MS

MATCHING EDGING

Hard wearing ABS edge to match the face finish exctly.

GLASS EFFECT EDGING

The unique ABS edging to enhance thel look of the polished acrylic fascia.

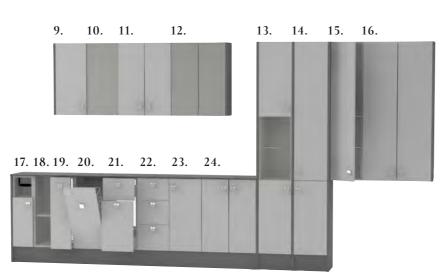

For unit dimensions and pricing breakdown information see page 328

Chiltern

A timeless classic to compliment any room.

RANGE FEATURES

With its framed-effect inset panels and pencil-line grooves, the Chiltern door style is ideal for those who idealise the timeless look with a modern twist. Used for generations and still a popular choice, the Chiltern has an unrivalled ability to complement any room you choose to place it in.

RANGE FINISHES

18mm Vinyl wrapped furniture grade MDF shaker style doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

CHILTERN Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

The WC unit shown below in the example, if required in Chiltern High Gloss White should be ordered as: | 4226CH | H This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance, both the carcass finish code and fascia finish codes will need to be specified. EXAMPLE SIZE (W x D x H) PRODUCT CODE 500 x 218 x 811 4226CH**

PENTLAND Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the letter code representing the door style and finish required. These letter codes are shown at the top of each pricing page in the range and listed below.

The WC unit shown below in the example, if required in Pentland Cream Weave, should be ordered as: 4226PD CV This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front Alternatively, all components can be ordered separately using the breakdown codes listed alongside the prices. In this instance, both the carcass

PRICE INCLUDING NOTE:

Each illustrated unit will show either carcass, door(s), fascia clips, upper panel, lower panel, WC filler panel, legs, wall fixing kit, soft close hinges and drawer runners where applicable.

For unit dimensions and pricing breakdown information see page 344

PENTLAND WASHSTAND

The Pentland Washstand is designed to offer a combination of traditionally styled vanity units with the practicality of Fitted Furniture in the same room. In addition, it is also available to match all of our fitted furniture styles and finishes.

"The perfect coordination of form and function"

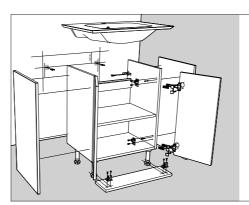

SIZE (W x D x H)	CODE	INC VAT
695 x 470 x 831	3609PD**	£1371.60

Includes ceramic basin, carcass, doors, end panels, plinth soft close hinges, wall fixings & adjustable legs. One removable shelf. 50mm service space in rear.

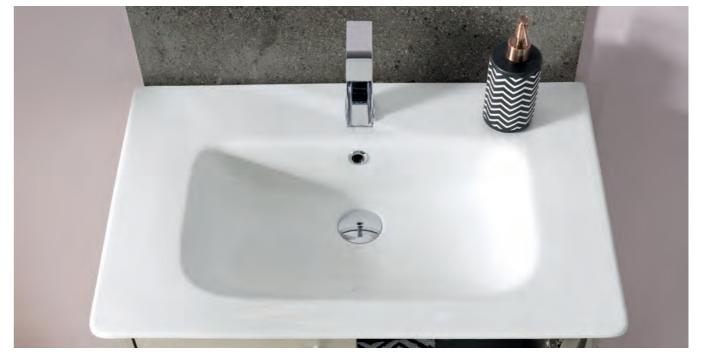

> SEE PAGES 318 HANDLES

Banari Ceramic Basin 9142, 600mm Carcass 4027, Pentland end panels - 2x 3495, Pentland doors - 2x 5035, Plinth - 6025

- 1. Fit Leg Sockets, Legs and Hinge Back Plates to the carcass as shown.
- Remove the Inner Upper Panel at the rear of the carcass and discard.
- Fit 'L' Brackets (from the 7410 Fixing Kit) to the carcass as shown. Note the 'L' Brackets should be fitted 120mm down from the top of the carcass.
- Fit End Panels to Carcass ensuring they are flush with the top and rear of the carcass sides.
- Fix assembled unit to the wall using fixings appropriate to the substrate ensuring it is square, level and plumb.
- Secure basin to unit and wall by applying a bead of silicone along the top of the two end panels and to the rear of the basin. Sit the basin on the end panels and push firmly to the wall.
- Seal around the carcass and basin where they abut the wall with silicone and re-fit the plinth and doors.

SELTER Pricing

HOW TO ORDER

When ordering, the two asterisks (**) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

The WC unit shown below in the example, if required in Selter Pearl should be ordered as: 4226ST PL This will ensure the correct fascia panels will be added automatically to your order. The default carcass finish will also be applied as indicated on the inside front cover of this brochure.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

SELTER - ST Pearl - PL Oyster - OR Lagoon Mist - LM Slate - ST

For unit dimensions and pricing breakdown information, see page 322

SELTER - THE INTEGRAL HANDLE RANGE

As Selter uses an integral handle design, the units have to be specified for Left or Right hinged doors. The images below indicate LH (Left Hinged) or RH (Right Hinged) for both base and wall units. (A LH base unit door can be used as a RH wall unit door, a RH base door as a LH wall door)

SOLID OAK WASHSTAND

Our Calypso Washstand is designed to offer a combination of traditionally styled vanity units with the practicality of Fitted Furniture in the same room.

"The perfect coordination of form and function"

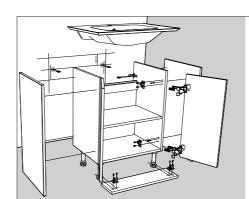

| SIZE (W x D x H) | CODE | INC VAT |
|------------------|----------|----------|
| 695 x 470 x 831 | 4609CHSO | £1544.40 |

Includes ceramic basin, carcass, doors, end panels, plinth, soft close hinges, wall fixings & adjustable legs. One removable shelf. 50mm service space in rear.

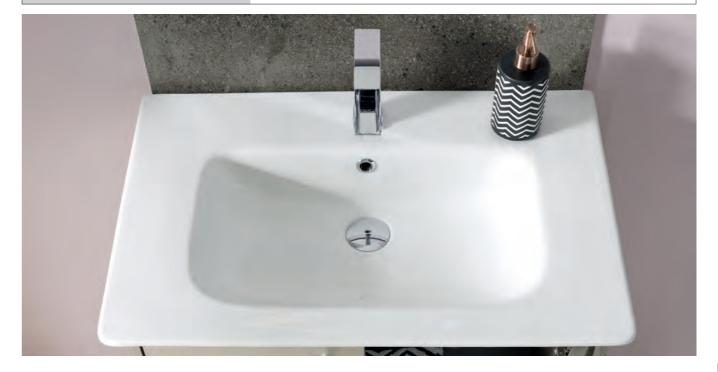

Banari Ceramic Basin 9142, 600mm Carcass 4027, End Panels - 2x 3085, Doors - 2x 5035, Plinth - 6001

- 1. Fit Leg Sockets, Legs and Hinge Back Plates to the carcass as shown.
- 2. Remove the Inner Upper Panel at the rear of the carcass and discard.
- Fit 'L' Brackets (from the 7410 Fixing Kit) to the carcass as shown. Note the 'L' Brackets should be fitted 120mm down from the top of the carcass.
- 4. Fit End Panels to Carcass ensuring they are flush with the top and rear of the carcass sides.
- 5. Fix assembled unit to the wall using fixings appropriate to the substrate ensuring it is square, level and plumb.
- 6. Secure basin to unit and wall by applying a bead of silicone along the top of the two end panels and to the rear of the basin. Sit the basin on the end panels and push firmly to the wall.
- 7. Seal around the carcass and basin where they abut the wall with silicone and re-fit the plinth and doors.

NO TAP HOLE & ONE TAP HOLE CAST BASINS?

Basins with no tap hole (NTH) are to be used with wall mounted taps or can be drilled to suit tap position of your choice. Basins with a single tap hole (1TH) would be used with a standard monobloc type basin mixer. Both models can also be drilled with standard woodworking hole cutters to accommodate 2 or 3 Hole tap designs.

Dignified lines will make an impression in any bathroom.

PEARLY WHITE MISTY GLOSS

MIDNIGH

P219

P220

RANGE FINISHES

The dignified lines of this select range of vanity units will make an impression in any bathroom. Complemented by the matching wall units there is a choice of three popular gloss lacquered finishes in three widths, and all available single drawer wall hung, two drawer and two door floor standing versions.

RANGE FEATURES

All Vanity units are pre-constructed with 18mm carcasses, soft close hinges and drawer runners supplied as standard. Vanity furniture should only be installed within a well-ventilated bathroom environment as wood-based furniture is not suitable for installation in wet rooms. 5-year guarantee (T&Cs apply).

NO TAP HOLE & ONE TAP HOLE CAST BASINS?

Basins with no tap hole (NTH) are to be used with wall mounted taps or can be drilled to suit tap position of your choice. Basins with a single tap hole (1TH) would be used with a standard monobloc type basin mixer. Both models can also be drilled with standard woodworking hole cutters to accommodate 2 or 3 Hole tap designs.

Above: Ultimo Burlywood 1200 Vanity Unit with Glass Basin. Lenola Chrome Basin Tap

Right: Ultimo Porcelain White 1200 Vanity Unit with Glass Basin.

Lixa 1200 LED Mirror, Rialto Black Basin Tap & Rialto Black Shower Valve and Head

Glass basins are perfectly formed and benefit from being naturally anti-bacterial. They are a durable alternative to standard basins and are comparable in strength. With no overflow on these basins, they have a minimal and sleek look.

There are two points which could cause fracture or breakage to glass basins. Firstly, if there is a thermal shock from a sudden temperature change of more than 20°C, ambient room temperature should be maintained around 16 - 23°C. Secondly, you must avoid pouring hot water over 48°C into a glass basin. The waste assembly must be hand-tightened only.

CAST BASIN

The core ingredient of our Cast Marble basin is Dolomite Marble which is created through volcanic action. The rock is milled and purified before being mixed with polymer resin to form the basin shape, then coated with a resin and quartz mixed gel coat to save its pigment and

This method means it is extremely durable and easy to maintain, coupled with the benefit of a long-lasting smooth finish that cannot be matched by traditional ceramics. Scratches are also repairable making this a more forgiving option.

CALYPSTONE AURA

12mm Calypstone Aura

Calypstone Aura is a solid surface material comprising of bauxite ore, aluminium hydroxide and acrylic polymer. A smooth and completely non-porous surface which is resistant to most domestic chemicals, and fully workable with standard tools. Available in 10 natural stone and marble effect finishes.

CALYPSTONE

12mm & 20mm Calypstone

Calypstone is a solid, waterproof and antibacterial material made of mixed granite granules and acrylic resins. It is extremely versatile and can be cut and shaped using standard woodworking tools. Cut edges can be simply sanded and polished to the desired finish and minor scratches and damages can also be repaired.

Available in 5×12 mm and 3×20 mm finishes. To join Calypstone together, use a waterproof contact adhesive.

VINYL

22mm Vinyl

Using a solid MDF core, these worktops are wrapped over the top surface with 4 edges of vinyl to perfectly match the majority of our fitted furniture doors. The underside is sealed with Melamine Foil, which can be finished with additional matching edge strips [available to purchase]. These can be then applied to any exposed cut ends to help complete the look. Available in 15 of our standard door finishes.

POSTFORMED

22mm & 28mm Postformed

A high-pressure laminate is bonded to a solid particle board to form our postformed worktops. The underside is sealed with a resin impregnated Melamine foil, then wrapped around the board to create an attractive double-postformed front edge which also features an extra resin moisture barrier on the underside. Matching edge strips are available to purchase and can be applied to any cut ends. Available in 19 attractive finishes.

WHAT IS A POSTFORMED WORKTOP?

Our laminate worktops are constructed by wrapping a sheet of laminate over a composite particle board core that has been shaped with a smooth edge profile. As the laminate is added after the edge profile has been created, it is known as being 'post-formed'.

CALYPSTONE CARE

With modern contemporary design and stunning looks, combined with its total practicality and cast in a solid 12mm or 20mm homogenous granite like product, Calypstone brings the beauty of nature into your home. Nature in conjunction with advanced technology creates a surface which looks and feels like natural stone and granite, to give you pleasure for years to come. As with natural products vein or grain within the material can vary from piece to piece.

Calypstone is an acrylic based product with all the practicalities of a hard wood, meaning it can be cut using common woodworking tools. A jigsaw with a good quality blade is ideal for initial cuts and should always be approached from the front profile of the worktop, ensure any off cuts are well supported.

If the cut is to be a show end, glance the cut with a sharp bladed router. Then sand a 3mm top and bottom radius along the length of the show end. Finish with the gentle application of mildly abrasive rubbing compound and finally polish. All components required are available in the Calypstone Repair Kit (7470.04) below.

Silicone can be used to secure Calypstone to the base units. If wanting to join two pieces of Calypstone, this can be achieved by using the jointing compound.

CALYPSTONE MAINTENANCE KIT

WWW.CALYPSOBATHROOMS.CO.UK 321

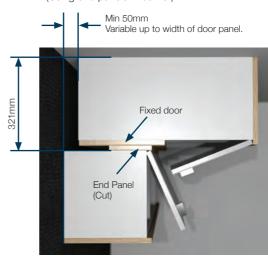

With limited storage space in modern bathrooms the use of corners is becoming ever more popular. Below illustrates some common corner layouts for you to consider when planning your bathroom furniture.

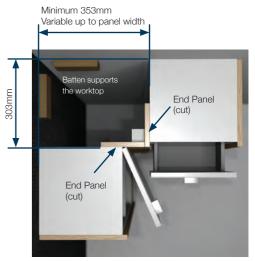

Layout 1: Suitable for doors only. (Using end panels in corner)

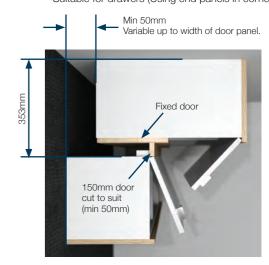

Layout 3: Variable.

Suitable for 2 door units only - using an end panel in the corner.

Layout 2: Variable. Suitable for drawers (Using end panels in corners).

Layout 4: Variable.

Using door panels for corner. Plinth runs through.

Charlotte Wall Hung Pan with Temora Seat

WHAT IS A RIMLESS PAN?

Traditional toilets distribute the flush-water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to creating an enhanced flush.

The rimless toilet looks no different on the outside. The main difference is that the pan boasts a smooth bowl with no areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans.

RIMLESS

Ultimate WC Technology

HIGHEST STANDARDS OF HYGIENE No hidden spaces for germs to harbour. Allows for easy cleaning.

PERFECT CLEANING

Unique flush system means the water flows both vertical and around the rim covering the entire surface.

QUIETER & FASTER

Rimless technology allows for a more silent and faster flush than standard WC pans.

TALL WC FRAME & FLUSH PLATES

⊌WRAS

3178 Tall WC Frame

- WRAS approved.
- 350w x 145-245d x 1100-1300h mm.
- Adjustable height and width options to suit most Wall Hung WCs including 'Comfort Height' installations. Includes Cistern Shown.
- Note: Flush Plate shown is not included. This Frame and Cistern is for installation behind a stud or feature wall or for tall WC Units only. Will not fit in standard height cabinet.

Ceramic Basins

Please note that there may be minor variances in size and shade, from one item to the next. Such variations are inherent in the manufacturing of ceramics.

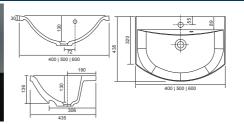

Cast Marble Basins (CM)

The core ingredient of our Cast Marble basins is Dolomite Marble which is formed through volcanic action. The rock is milled and purified before being mixed with polymer resin formed into the required shape and then coated with a resin and quartz mixed gel coat to save its pigment and smooth finish.

The result is an extremely durable and easy to maintain product coupled with the benefit of constant sizing and smooth finishing that cannot be matched by traditional ceramics. Scratches are also repairable making this a more forgiving option. Cast basins have a sharp and ultra modern structured appeal to them.

SLIMLINE ART WING & COMBI BASINS

ART & FONTANA WING BASINS

The Fontana & Art one-piece wing basins combine and integrate a worktop with a basin to give a smooth, uninterrupted and ergonomic surface over fitted bathroom furniture.

SEE PAGE 362 **FONTANA** FINISHING KIT

The basins are made of 'cast marble' which is a composite material comprised of granules of natural minerals mixed with resin compounds, and covered with a bright, glossy polyester acrylate gelcoat which gives a naturally antibacterial surface.

VERSATILE

The basins can be cut to length using standard woodworking tools if required and additionally, an exposed cut end on the Fontana basins can be refinished with the Fontana Finishing Kit. A cut Art basin must always abut a wall.

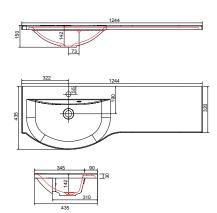

FAST INSTALLATION

With no requirement for worktop basin cut-out and resealing worries, installation of the one-piece top is simpler & quicker than traditional methods.

INTEGRATED

The fully integrated overflow does away with plastic kits and leaves only the tap and waste to connect by hand.

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the Zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

| IP R | IP Rating 2nd Digit | |
|---------------|---|----------------------------|
| ect
e | Protected against Tested for | |
| | No protection | |
| nm Protection | Dripping water — no damaging effect when tested against vi | rtical falling water drops |
| mm F | Dripping water when tilted up to 15° Vertically dripping water has no damaging effect when the ligarity angle up to 15° from its usual position | |
| nm Thick | Spraying water Water falling as a spray at any angle up to 60° has no | damaging effect. |
| ım | Splashing water Water splashing against light enclosure from any direction | as no damaging effect. |
| t Prot | Water jets Water projected by a nozzle (6.3mm) against light enclosure from no damaging effect. | om any direction shall h |

| <u> </u> | Duration of upto 30 minuets. Immersion beyond 1m The equipment is suitable for continuous immersion | in wate |

 $ZONE\ 0$ Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

ZONE 1 Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

ZONE 2 Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

ZONE 3 Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

Installation must be made in accordance with the current IEE wiring regulations and relevant building regulations. Calypso recommends that all electrical bathroom products should only be fitted by a suitably qualified Part P registered electrician.

CALYPSO • NOTES

IMPORTANT NOTES

It is important when ordering and booking installations that sufficient time is allowed between product delivery date and installation date. This is for the checking of goods and if required, the re-delivery of any rejected or damaged items.

When planning, remember to allow for décor end panels for any exposed end-of-run base or wall unit carcasses, adding 18mm for each end panel required.

All our door finishes are supplied by default with the complimenting carcass colours as indicated on the inside front cover of this brochure. If a different mix of fascia and carcass finishes is required, they will have to be specified separately using the individual product codes shown

within the pricing areas of this catalogue. The relevant finish codes need to be added to each product code at the time of ordering. All stocked products are dispatched within 72 hours of ordering.

Our 250mm plinth can also be used as flyover shelving if cut lengthwise down to 220mm. All carcasses are supplied ready assembled, with door and fascia panels packed separately for fitting once carcasses are installed to help avoid damage. Door and drawer front are supplied access servicing. If other manufacturer's concealed undrilled for handles to give maximum flexibility and choice.

Slimline basin units in bathrooms will require reduceddepth semi recessed basins.

Calypso units are designed at a height to allow good access underneath the carcases to run the soil pipe and water feeds with a choice of 150mm or 250mm plinths.

Due to space restrictions on slimline units, the rear legs should be removed to run a soil pipe through, and rigidity maintained by the front legs and wall fixing.

All our concealed WC cisterns are suitable for front cisterns are used, service access may become a problem.

Prices in this catalogue include VAT at 20%.

PRODUCT NOTES & SPECIFICATIONS

Please note that some of the imagery within the brochure grade MDF core, and vinyl worktops have a 22mm core. is CAD generated and may not reflect the unit exactly. We Any exposure of the MDF core through cutting must be strongly recommend that any questions relating to detail of any units are asked prior to ordering.

Carcasses - All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All carcasses are supplied with hinges, wall fix for exact colour matching prior to ordering. brackets and fittings, and base units come with adjustable legs and plinth fittings. All plinths, end panels and handles Cast Basins - All Calypso cast basins are made from a must be ordered separately. Unit dimensions given are overall including fascias but exclude legs (661mm units supplied with 150mm legs, 561mm units supplied with 250mm legs). Choice of three finished base unit depths (218mm, 303mm & 443mm). All carcasses are made from a good quality polish to keep your cast top in tip-top 18mm MFC with PVC edging.

Vinyl Wrapped Doors/Worktops/Plinths/End Panels - All vinyl panels are a vinyl wrap on an MDF core. Doors, facias, plinths and end panels have an 18mm furniture

sealed with a proprietary sealant such as PVA or silicone to maintain the warranty. Printed colours and woodgrains are subject to print and screen variations and are for illustration purposes only.

Please call sales on 01432 367 367 to request a sample

mineral powder/polyester resin. The surface is protected by gelcoat which is at least 0.5mm in thickness. Clean and care for your top with a normal liquid detergent (do not use detergents containing abrasives) and buff with condition.

Postformed Laminate Worktops - Laminated on to a chipboard core, all worktops are supplied with a length of edging for re-sealing when cut

(Additional edging strips are available on request, priced

Solid Oak - Doors and bath panels in this range have 70mm x 20mm solid oak frames and an oak veneered centre panel. All worktops, plinths and end panels are real oak veneer on an MDF core. If uncertain on veneered areas on the Solid Oak range please refer to our technical team on 01432 367 367. Please note: In purchasing this product you are aware that natural variations which are inherent in the shade and grain of naturally grown solid oak and oak veneer are beyond our control.

Bath Panels - These are supplied in two lengths of 1700mm or 1800mm.

DIMENSIONAL TOLERANCE - Due to the nature of materials and production processes, dimensions may vary within a tolerance of ± 2mm on furniture, ± 3mm on cast basins and ± 5mm on ceramic.

RETURNS POLICY

Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days. Any items ordered and delivered in good faith but no longer required will be subject to a 25% handling and re-stocking charge.

Non-required items can only be accepted for return if:

- · They are returned in original packaging.
- They have not been fitted in any way (this would include legs fitted onto carcasses)
- · They are in re-saleable condition.

Picking or Delivery Errors & Manufacturing Defects must also be reported within 7 days and made available for collection within 28 days.

Credit will be given once the goods are received back, inspected and signed off.

Any good under this policy should be returned to the retailer that they were purchased from

Credit Approval or Refusal:

Once returned goods are received and inspected as per terms above, credit will either be approved or refused. If refused, a credit refusal number is assigned and a written reason given and sent by fax or email. Goods will then be held for 7 days before disposal. Any guery regarding the refusal must be loaged during this 7 day period.

TAKING CARE OF YOUR CALYPSO PRODUCTS

By following some simple care and cleaning guidelines, Calypso products can be expected to give many years of such as silicone or similar to avoid the possibility of water enjoyable, trouble-free service.

Calypso bathroom furniture is designed to be used within domestic environments. As with all timber products, adequate ventilation is key and your bathroom furniture will be adversely affected if subject to excessive moisture on the surface or in the atmosphere. It is strongly recommended that a suitable bathroom extractor fan is installed to prevent condensation building up and to prevent damage to the furniture.

Calypso timber based fitted furniture should only be installed within a well ventilated bathroom environment and is NOT suitable for installation in wet-rooms.

It is most important that any cut or exposed panel edge, and any floor or wall abutment with furniture or

sanitaryware, must be sealed with a waterproof sealant ingress and damage

All water spills and sprays must be wiped clean and mopped dry immediately to prevent water marks or other

Never use chemical or abrasive cleaners, bleach or furniture polishes on any bathroom furniture as the finish can be affected. Clean only with a soft damp cloth and a mild soap solution as necessary

Solid Oak is a very hard-wearing material and its looks are enhanced with wear over the years. Occasional application of a wax-based furniture polish should be all that is needed to maintain its finish DO NOT USE household cleaners or abrasive powders on oak, and remove any spills or stains immediately with a soft damp

cloth and mild detergent (washing-up liquid). Excessive moisture or water spills will darken the oak surface.

CERAMIC SANITARYWARE - Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

BRASSWARE - Clean with a damp cloth, rinse clean and polish with a dry cloth. Avoid using cleaners that contain. abrasive solvents, acid or ammonia,

COLOUR REPRODUCTION - Colour reproduction is as accurate as possible within the limitations of the printing process. A free sample service is provided if you are unsure about the finish on your selected product. Please call sales on 01432 367 367 to order. Also note, colours will vary under artificial light.

Our company policy is one of continual improvement and development. We therefore reserve the right to alter materials and specifications without notice.

All orders are subject to our standard terms and conditions of sale which can be found at www.calypsobathrooms.co.uk/downloads A hard copy of our terms and conditions is available on request by calling us on 01432 367 367 or emailing your request to sales@woodstockco.com

Due to continuous improvements of our products, we reserve the right to change any product specification without prior notice. The text, images and layout of this catalogue are all protected by copyright and other intellectual property rights

All imagery within this brochure is, where possible, a true representation of our products, However, some colours and finishes may vary due to print and screen variations. To gain a true representation of our colour and finishes, please visit our website for more information or use our free 24-hour sample service

Our website should be used as reference for the most up to date products and specifications
