## OUR STORY

---

Appropriately founded in the home of bathing, Roper Rhodes was established in 1979 in the beautiful city of Bath, which we still call our home today. It's been over 40 years since then where we have grown and changed along with the city. Furthermore our passion for design, ingenuity and creativity has never been stronger.

Our products are made with consideration as well as stringently tested to ensure uncompromising performance and durability. Such is the confidence in our designs that our ranges are covered by extensive guarantees for your peace of mind. For example you can relax knowing you will receive a 20 year guarantee against defects in manufacture on sanitaryware and 10 years on our furniture.

We have a rich history but are also obsessed with product development; constantly innovating, with each new product launch seen as an opportunity to improve the lives of our customers. We work on the basis that every aspect of the life of our products must be considered, challenged and designed to be better. This approach has resulted in us having a market leading product innovation vitality score.

*Great British Design*  
OUR PEOPLE

---

For over forty years, we at Roper Rhodes have striven for bathroom perfection. Our dedicated team has grown from just one man to a group of people obsessed with all the little details that go into making your dream bathroom.

At every step of the way the customer is at the forefront of our minds. Starting with our product designers, who are always in search of how they can improve the bathroom experience. Push-button showers and contactless flushing are just some of the innovations to come from our team of designers.

Once a product has been made, it finds itself within our impressive 200,000 Sq ft Distribution Centre on the outskirts of Bristol. Here we run a twenty-four-hour operation to guarantee you the best delivery and service we can.

We believe that beautiful bathrooms come from our people, who's inspiration and dedication have made Roper Rhodes what it is today.

For a good feeling that lasts ...

# PRODUCT STANDARDS

We appreciate that when you have made the commitment to invest in such an important room in the house you expect quality and durability. You can rest assured all our products are subject to thorough testing before they ever reach real bathrooms. Please read on to see how every element is assessed.

FURNITURE  
& FITTED  
FURNITURE  
PAGES 20-127

Our furniture is subject to operational testing including:

- ✓ **HINGES & RUNNERS**  
Whether you stow things away to only open up your storage once a week, or you are opening multiple times a day to find your favourite moisturiser you can be sure they will be consistent every time. Components are open/close cycle tested for endurance with **hinges being tested up to 80,000 cycles** and **drawer runners subjected to 50,000 cycles**.
- ✓ **PAINT ADHESION & HARDNESS**  
Our furniture is painted to the highest of standards to provide perfect coverage and withstand the rigour of bathroom use, paint adhesion and hardness is tested until failure to ISO standard.
- ✓ **WALL HANGING BRACKETS**  
If you have opted for the clean look of a wall hung unit, you can be sure it will withstand the demands of everyday use as our hanging brackets are tested up to **200-260kgs** through a hydraulic ram.
- ✓ **CORROSION TEST**  
Even our knobs and handles are not left to chance. To replicate life in a bathroom these are put through an accelerated corrosion test that produces a corrosive attack to a plated surface to ensure suitability of the coating.

Furniture, Taps,  
Mirrors & Cabinets

Ceramics

SANITARYWARE  
PAGES 146-175

All Faber WC pans benefit from a whisper quiet flush. Vortex flushing is quieter and uses less water compared to standard rimless pans.

## BRASSWARE

BRASSWARE  
PAGES 178-281

Our tap valves are manufactured in accordance with the relevant product standards including:

- ✓ **PRESSURE TESTED**  
Pressure tested to **10bar** in accordance with **BS EN 200: 2008**.
- ✓ **ENDURANCE TESTING**  
Cycle testing on handles / valves up to **100,000 cycles**.
- ✓ **CORROSION TEST**  
Chrome Plating / Salt spray testing – to ISO standards as stated in **EN 248:2002** plus coating thickness tests on chrome plating.
- ✓ **TEMPERATURE CONTROL**  
Temperature stability when the inlet pressure drops (i.e when the cold is turned off) **BS EN 1111 & 1287** to prevent scalding.
- ✓ **WRAS APPROVED**  
We also hold several WRAS approvals on our tap ranges, and use WRAS approved components.

## SANITARYWARE

Every piece of our sanitaryware is tested to last for years to come.

- ✓ **FLUSH VOLUME**  
The measured discharge on **no occasion should exceed 6L**. Reduced flush shall **not exceed 2/3 of the full flush volume**.
- ✓ **SEAT DROP TEST**  
Our seats are tested by **dropping 75kg** from a **height of 30mm 15,000 times**.
- ✓ **MAXIMUM PERFORMANCE**  
Tested in accordance with British & European standards meaning our cisterns have passed a **200,000 cycle** endurance test.

## MIRRORS & CABINETS

We test every switching interface to **100,000 cycles**, and subject all bonded components to excessive load tests, so even the most chaotic morning in your household can be withstood with ease.

All products are tested to hold a **minimum of 10kg** of extra weight for **10 days** to ensure strength, giving you full confidence that all your storage needs will be met.

## SPACE MEETS STYLE

### CLOAKROOM UNITS

Cloakroom units offer compact, stylish storage solutions that maximize space in smaller bathrooms or guest WCs, keeping essentials organised without compromising on design. For more inspiration, see pages 112-119.

### TALL WALL COLUMN

Offers a sleek solution for bulkier items like cleaning products, spare toilet rolls, and oversized bottles - keeping everything organised and within easy reach while maximizing unused space.

*Head of Category - Keith Alcock  
Furniture*

### MAKE SPACE FOR WHAT MATTERS

'Clever storage solutions for small bathrooms offer endless configurations, whether your style is modern or traditional. From tall pull-out drawers and wall columns to in-drawer organisers, these options create a compact and effortlessly tidy space, making sure that your cloakroom or en suite is free from clutter, becoming a more relaxing space.'

### ABOVE WC CABINETS

Add storage without taking up floorspace with an above-the-toilet cabinet. With four shelves and a slim profile, it's ideal for keeping towels and toiletries tidy. See our fitted furniture ranges for more information pages 120-127.

### TALL DRAWERS

Tall drawers keep toiletries, cleaning supplies, and other items neatly hidden, reducing clutter and creating a clean look. Everything has its place, making it easier to access what you need without rummaging through piles of items.

Be inspired ...

## GET THE NEUTRAL MAXIMALISM LOOK *with Zoe Jones*

@roperrhodes

### BE INSPIRED

Our in-house designer Zoe gives you her tips on how to achieve the Neutral Maximalist style in your bathroom.

Embrace pattern, texture and shape in a cohesive tonal colour palette to create an elegant and refined design scheme.

For this look, we paired the elegantly crafted Walcot unit with a solid white Carrara worktop and undermounted basin. Walcot brushed nickel brassware, and accessories combined with sculptural elements such as the skirted bath and fluted glass lights lend sophistication to a room - the result is neutral maximalism at its finest.

*'Thoughtfully layer textures, opting for natural wood finishes, veined marble alongside brushed metal accessories, or a sculptural freestanding bath paired with organic washed bath linen'*

*Matt White*

The matt white finish brings a timeless elegance to bathroom furniture, durable and easy to maintain, the finish not only enhances the visual appeal but also contributes to a fresh, bright atmosphere in the bathroom

### *Light Oak*

Adds a touch of natural warmth and texture to bathroom furniture, creating a welcoming and relaxed atmosphere. With its subtle grain patterns and soft, neutral tone, perfect for a bathroom with a refined and considered style.

### *Walnut*

Walnut brings rich, sophisticated character to bathroom furniture, with its deep tones it adds warmth and luxury to the space. This elegant finish is perfect for creating a bold, refined look, offering a statement of understated elegance and enduring style.

# FABER STORAGE OPTIONS

For extra storage, why not opt for our coordinating wall column – perfectly colour matched to your furniture. Keep it simple with a door overlap for opening or match with the same handles chosen for your faber unit.

Our 200mm tall pull-out drawer unit adds plenty of storage to your unit, and with a soft-close drawer, it ensures a smooth, luxurious closing experience

Alternatively, choose a Vault cabinet to store your bathroom essentials. These cabinets feature colour-matched sides that complement your unit, creating a cohesive and stylish bathroom design.

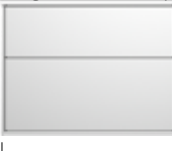

CHOOSE  
YOUR BASIN  
& WORKTOP  
SEE  
PAGE 43

Simply add a 200mm tall drawer unit to your bathroom configuration, giving you more flexibility to design your space and style. Below are some configurations that could work perfectly in your bathroom.

TOLEDO T-BAR HANDLES

Our brass Toledo t-bar pulls feature a living finish that develops subtle color variations over time, enhancing their character. A metal polish can restore the original look. To prevent wood corrosion and discoloration, remove handles from the vanity before treatment.

\*Handles not suitable for tall drawers

## HAMPTON

Inspired by traditional  
carpentry with a modern twist.

## Timeless Furniture HAMPTON

# SCHEME - BASINS

Your choice of basin is key to the look and feel of your unit. Our basin collection provides you with multiple possibilities to create something truly unique for your Scheme furniture.

- Scheme cloakroom basin is compact and neat, featuring a corner design with a single corner tap hole
- Our Frame ceramic basin can also be used with Scheme to achieve a smooth, straight profile
- Isocast basins inspired by high end premium hotels provide useful extra surface space in the bathroom and are available in a luxurious double basin style
- Unique counter top basins in a range of shapes and sizes, mounted onto solid surface worktops give you that spa feeling at home

## Unique Furniture

# SCHEME - STORAGE

For extra storage, why not opt for our coordinating cabinets or wall column – perfectly colour matched to your furniture with ample internal. Keep it simple with a door overlap for opening or match with the same handles chosen for your scheme unit.

Our wooden drawer dividers too add practicality to the bathroom, helping to keep all of your bits and bobs in place.

Unique Furniture

# SYSTEM - BASIN OPTIONS

The polished, minimal form of our basin designs work perfectly when combined with System furniture. Choose from sleek, single-mould isocast or classic ceramic in a range of sizes to suit your System basin unit. Or go bold with one of our stylish countertop basin options, for a truly unique look.

- Smooth, ceramic System basins designed to perfectly match your furniture
- Isocast basins inspired by high end premium hotels provide a slimmer look and useful extra surface space in the bathroom
- Countertop basins make a statement to create a true centrepiece in the bathroom

Our brass Toledo t-bar features a living finish that develops subtle color variations over time, enhancing their character. A metal polish can restore the original look. To prevent wood corrosion and discoloration, remove handles from the vanity before treatment.

## COLLECTION

Fitted bathrooms are custom-designed to make the most efficient use of available space. By utilising every nook and cranny, fitted furniture can provide ample storage and maximise functionality, particularly in smaller bathrooms.

Designed to seamlessly integrate with the overall aesthetic of your bathroom. Fitted furniture offers a cohesive and uniform look, as the units are fitted against walls and often provide concealed storage, hiding pipework and creating a neat appearance.

The furniture is highly customisable to suit your specific needs and preferences. You can select the materials, finishes, and configurations to create a personalised space that perfectly matches your style and requirements.

## FITTED FURNITURE

---

Roper Rhodes Fitted Furniture

# DESIGNED BY US. TAILORED BY YOU.

Fitted furniture is all about taking the space you have and making it reach its full potential. Unrestricted and completely customisable, fitted furniture gives you the flexibility & storage you need, with the style you love. Fitted furniture is great for going between walls to maximise storage and hide any pipework and services

Whether you live in a Victorian townhouse, an ultra-modern apartment, or something a little more unusual, our boundless combinations of fitted furniture styling options give you the ability to create a bathroom that feels uniquely and effortlessly 'you'.

GUARANTEE  
10 year guarantee on  
all fitted furniture

## WIDE CHOICE OF UNITS

Choose from a range of floor units, wall cupboards and full height 2 door unit, all available to help create your perfect bathroom look.

## IDEAL FOR LARGE & SMALL SPACES

Consider the available space in your bathroom and choose from either standard depth (353mm) or space-saving slim depth (218mm) units.

Fitted furniture collection

ELAN

A timeless furniture design reimagined for the contemporary home, showcasing a sleek, clean-cut shaker frame.

## COLLECTION

Discover style in every corner of the bathroom with our collection of fine ceramics, all designed by our specialist product designers.

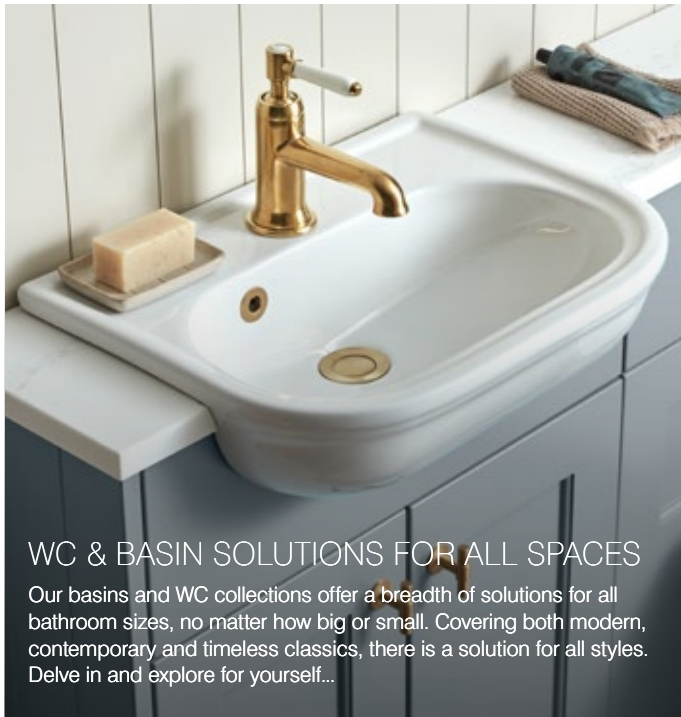

Contemporary forms combine with their expert know-how to give you the best selection of stylish and practical basins, WCs and flushing solutions.

## BASINS & WCs

Discover

# ROPER RHODES BASINS, WCs & FLUSHING

## WC & BASIN SOLUTIONS FOR ALL SPACES

Our basins and WC collections offer a breadth of solutions for all bathroom sizes, no matter how big or small. Covering both modern, contemporary and timeless classics, there is a solution for all styles. Delve in and explore for yourself...

## 20 YEAR GUARANTEE

At Roper Rhodes, we pride ourselves in offering high quality products that are built to last, even in the hectic and high traffic space that is the bathroom. That's why all of our basins and WC's benefit from a 20 year guarantee. We provide a 10 year guarantee on seats and 5 years on cistern fittings.

## AIR GAP TECHNOLOGY

All Roper Rhodes closed coupled WC cisterns are now supplied with air gap technology, they also benefit for a WRAS approved inlet and flush valves, and have a built in silencer to reduce water fill noise levels.

## DESIGNED TO LAST

Rest assured all our seats are fully tested through a drop test of a weight of 75kg from a height of 30mm to 15,000 cycles. So you can be sure our seats will last once installed.

The quiet revolution in toilet technology. Designed to operate with significantly less noise than standard flush systems, Hush flush™ delivers a discreet, whisper-quiet performance without compromising on power.

## PREMIUM FLUSH PLATES

Our premium flushplate sets a new standard in both design and functionality, featuring a high-quality stainless steel front plate that offers a more luxurious feel. Its ultra-slim 4mm profile allows it to sit almost flush against the wall, creating a sleek, modern aesthetic. Available in a wide range of finishes. Our brushed finishes are treated with a durable PVD coating to ensure long-lasting colour and a anti-fingerprint design.

# COUNTERTOP BASINS

20  
YEAR  
GUARANTEE  
Ceramics

Create a hotel look in your home by upgrading to one of our countertop basin options.

When placed on a worktop, these oval or rectangular basins provide a clean uncluttered finish. A distinctive and attractive alternative to conventional bathroom basin.

Enhance the overall style of your furniture unit by selecting an aspirational solid surface worktop with the natural elegance of stone.

To ensure our countertop basins fit seamlessly into your bathroom, pair them with a compatible worktop. Explore the furniture range pages below to find your perfect match:

For use with Torrent, Cascade or comfort height cisterns.  
Can also be used for bidets  
200mm height adjustment.

*Flushing Solutions*  
PREMIUM STAINLESS STEEL FLUSH PLATES

Our premium flushplate sets a new standard in both design and functionality, featuring a high-quality stainless steel front plate that offers a more luxurious feel. Its ultra-slim 4mm profile allows it to sit almost flush against the wall, creating a sleek, modern aesthetic. Available in a wide range of finishes, brushed finishes are treated with a durable PVD coating to ensure a long-lasting resistance to wear.

## Concealed Cistern

# FLUSHING SOLUTIONS

## CONTACTLESS DUAL FLUSH SENSOR

- Provides a touchless flush, with just the wave of a hand
- Best used with concealed cisterns in furniture
- Powered by 4 x AA batteries
- Low battery power alarm, battery life in excess of 1 year (normal domestic conditions, good quality batteries)
- Dual flush
- Works through surfaces up to 25mm thick (including ceramic tiles, fascias & worktops)
- Includes black, brushed brass, chrome, gunmetal “buttons” to indicate sensor location or upgrade to a brushed bronze or nickel finish.

**Contactless dual flush sensor**  
use with concealed cisterns

Sensor Kit	TR9014	£178.00
------------	--------	---------

**Button upgrade**  
use with concealed cisterns

Brushed Bronze	SP22765	£11.40
Brushed Nickel	SP22766	£11.40

## CONTACTLESS SENSOR DUAL FLUSH PLATE

- Recommended for in-wall installations using TR9006 and TR9015
- Contactless flushing
- Powered by 4 x AA batteries (easy to change, no tools required)
- Low battery power alarm (battery life in excess of 1 year)
- Dual flush
- Manual override flush
- Illuminates on operation
- Use on wall hung frames and In-wall cistern (not compatible with slim depth furniture)

Contactless sensor flush plate 210(w) x 137(h)mm		
Black	TR9025	£199.00

SENSOR VIDEO

Close Coupled WCs

# FLUSHING SOLUTIONS

## CLOSE COUPLED SENSOR FLUSH KITS

With a simple wave of the hand, hygienic, contactless flushing is now here for close coupled WCs. Two sizes are available depending on the size of the flush button hole in the cistern lid. The button kits have been designed to retro-fit to existing WCs which have paddle operated flush valves. For cisterns which have pneumatic or cable operated flush valves, or where the button screws in directly to the flush valve, then the flush valve will also need to be swapped to our TR9033 valve which has a 2" base.

When upgrading an installed Roper Rhodes cistern the following ranges will require the following items to operate correctly

- Aruba p162 and Elka p160  
Flush button kit TR9032
- Faber p150  
Flush button kit TR9031

**ø38mm close coupled sensor flush button kit**

TR9031	£96.20
--------	--------

**ø48mm close coupled sensor flush button kit**

TR9032	£96.20
--------	--------

**Close coupled flush valve  
2" base**

TR9033	£30.90
--------	--------

Brushed Brass	OVMCA	£11.30
Gunmetal	OVMCGM	£11.30
Brushed nickel	OVMCBN	£11.30
Brushed bronze	OVMCBZ	£11.30

*Explore our bathtub*  
COLLECTION

Our signature bathing collection embodies our legacy of design and time-honoured craftsmanship. Individually produced for quality and consistency, each of our baths marry beauty and utility to elevate the everyday bathing experience. From the quintessential lion foot to sleek, contemporary styles, the bathing collection features era spanning designs to suit any bathroom scheme.

Choose from freestanding tubs, single or doubled-ended styles, showering baths and back-to-wall options for complete design flexibility.

## BATHTUBS

---

Discover Roper Rhodes Bathtubs

# DESIGNED IN THE HOME OF BATHING

## TRADITIONAL BATHTUBS

Step back in time with our striking collection of traditional freestanding baths. Our range includes styles from the classic clawfoot to the mid-century boat bath in a wide range of sizes to suit bathrooms both small and spacious. With a choice of proprietary traditional accessories available to complete the look.

## CONTEMPORARY BATHTUBS

Sleek, simple and streamlined, our collection of modern baths are ideal for the contemporary family bathroom. Available in a range of sizes, the bathing collection features oval, curved and square bath styles to suit a wide range of tastes. Pair with our wide selection of modern brassware and bath accessory styles.

## 10 YEAR GUARANTEE

We believe good design stands the test of time. Our bathtubs are all guaranteed for ten years, giving you peace of mind now and for the future.

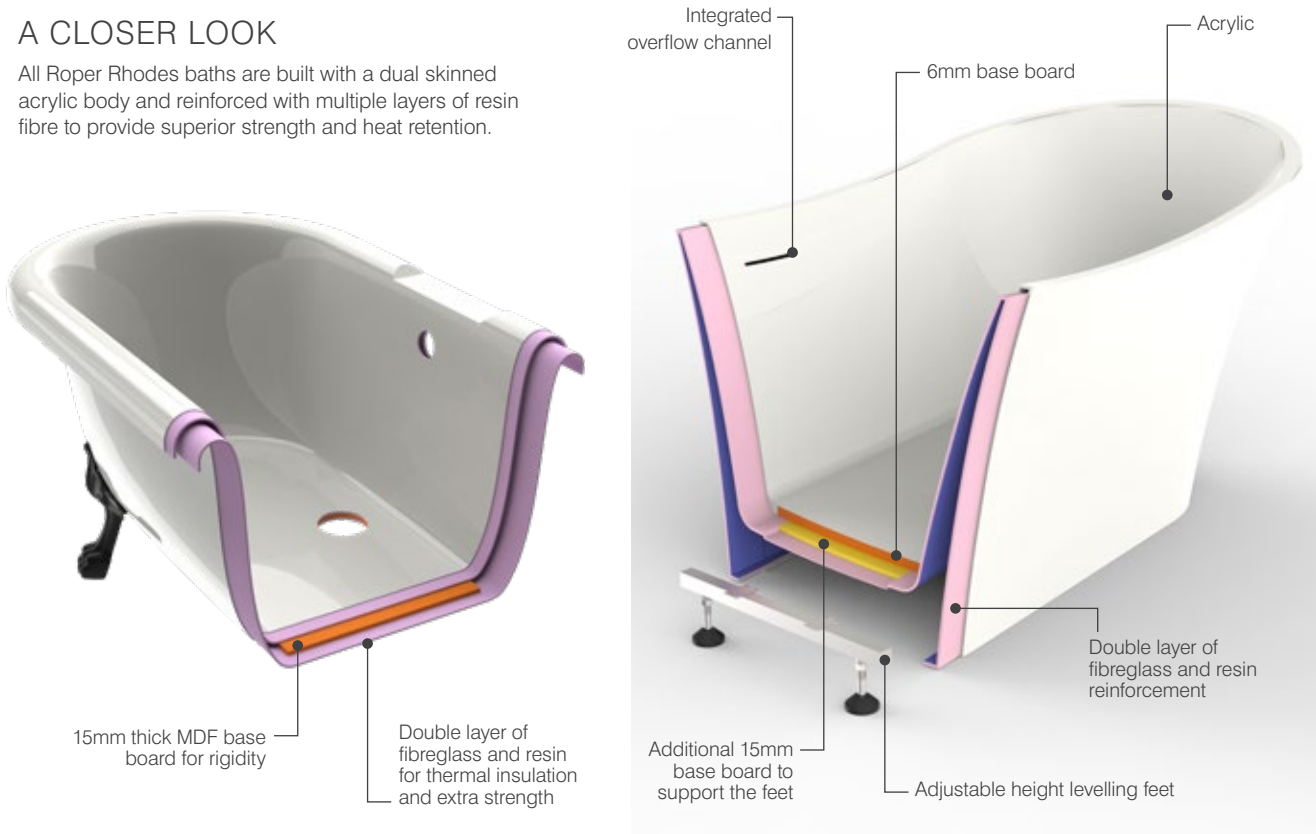

## QUALITY PRODUCTS

Purposeful design is evident in everything we do. Individually made and stringently tested, each bath and bathing accessory in our collection represents the highest levels of quality and forty years of design expertise.

## A CLOSER LOOK

All Roper Rhodes baths are built with a dual skinned acrylic body and reinforced with multiple layers of resin fibre to provide superior strength and heat retention.

## BATHTUB MATERIALS

Our acrylic tubs offer several additional benefits. The double layer of acrylic and the middle reinforcement layer provide better insulation, ensuring water stays warm for longer. More robust and long-lasting, dual layered baths are resistant to flexing and deforming under pressure. A smoother, glossier finish allows for ease of cleaning, while a deeper pigment and improved colour consistency prevent discolouration over time.

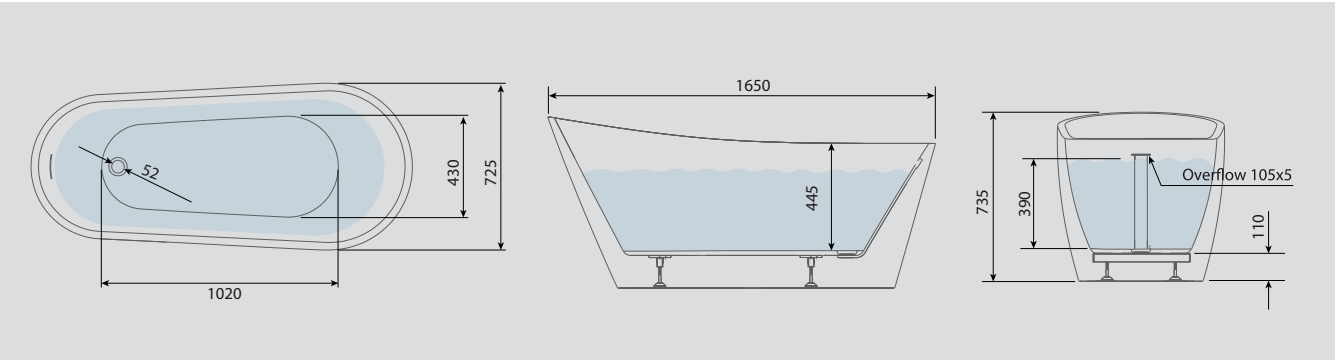

PARADIGM

All bathtubs are supplied with undrilled tap decks

ACCESSORIES

BATHTUB FEET

Cast from robust aluminium and expertly finished, our bath feet are inspired by the original Regency lion paw design and are designed to be paired with our traditional baths. Available in four finishes to suit any scheme.

- One pack of feet contains four feet and all fixings required.
- The feet are universal and work on all traditional tub options
- Feet are supplied with floor fixings to secure the bath tub in position and have a height adjustable levelling feature

Available in four finishes		
BAA102	White	£187.50
BAA104	Chrome	£187.50
BAA101	Matt Black	£284.00
BAA103	Brushed Brass	£348.00

EXPOSED DRAIN PIPES

When used with a P-trap, our exposed drain pipes provide efficient and functional draining from your bathtub. Available in two finishes, this component can be cut to the required length.

- This 40mm pipe connects to P-trap and then to the waste pipe to drain the water away whilst keeping the finish of the rest of the accessories.
- It comes with a shroud to cover the exit point to the wall or floor.
- The pipe is cut down by the fitter to the required length.

Available in two finishes		
BAA114	Chrome	£123.50
BAA115	Brushed Brass	£225.00

EXPOSED OVERFLOW KITS

Available in click mechanism and chain waste options.

- The overflow and waste is universal and compatible with all traditional tubs.
- The pipe can be cut down to suit all Roper Rhodes traditional bath tub models.

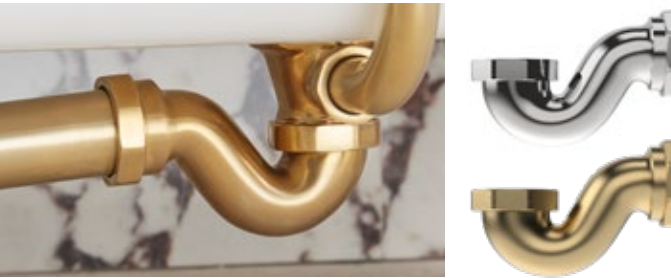

Exposed Overflow Kit with Click Waste Available in two finishes		
BAA108	Chrome	£241.00
BAA109	Brushed Brass	£385.00
Exposed Overflow Kit with Plug & Chain Waste Available in two finishes		
BAA110	Chrome	£177.00
BAA111	Brushed Brass	£283.00

P TRAPS

An essential part of a bathtubs plumbing system, our high quality P-traps ensure safe and efficient drainage while also coordinating with your chosen brassware. Constructed in robust brass and expertly plated.

- This connects to either the click waste or the chain waste depending upon your choice.
- The opposing end of the trap connects to the drain pipe.

Available in two finishes		
BAA112	Chrome	£69.50
BAA113	Brushed Brass	£102.00

BATHTUB SHROUDS

Functional and aesthetic, standpipes and shrouds conceal unsightly pipework while supporting your bath filler or bath/shower mixer. Available in a high shine chrome and brushed brass finish. See pages 202-205 for the Keswick bath filler or bath/shower mixer.

Shrouds Available in two finishes		
BAA116	Chrome	£257.00
BAA117	Brushed Brass	£385.00

STANDPIPES

Standpipes Available in two finishes		
T262102	Chrome	£550.00
T262104	Brushed Brass	£600.00

*Explore our tap & shower*  
COLLECTION

As specialists in what they do, our product designers are constantly looking for new ways to improve the showering experience. With an extensive range of contemporary designs and functions, we've developed a simple guide to help you choose the right one and get the most of your shower.

When it comes to taps, our wide range of styles mean you'll always find one to suit your taste. Why not take your design one step further and opt for coordinating taps and showers?

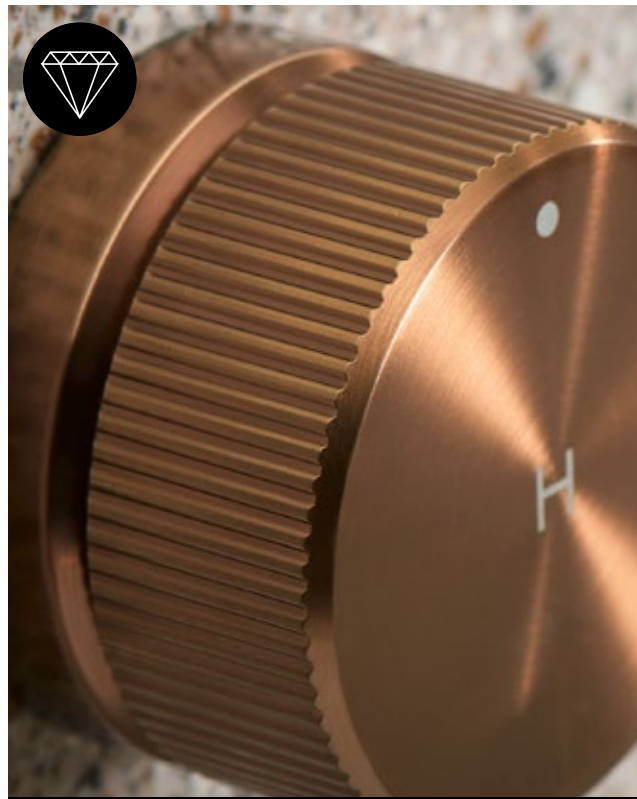

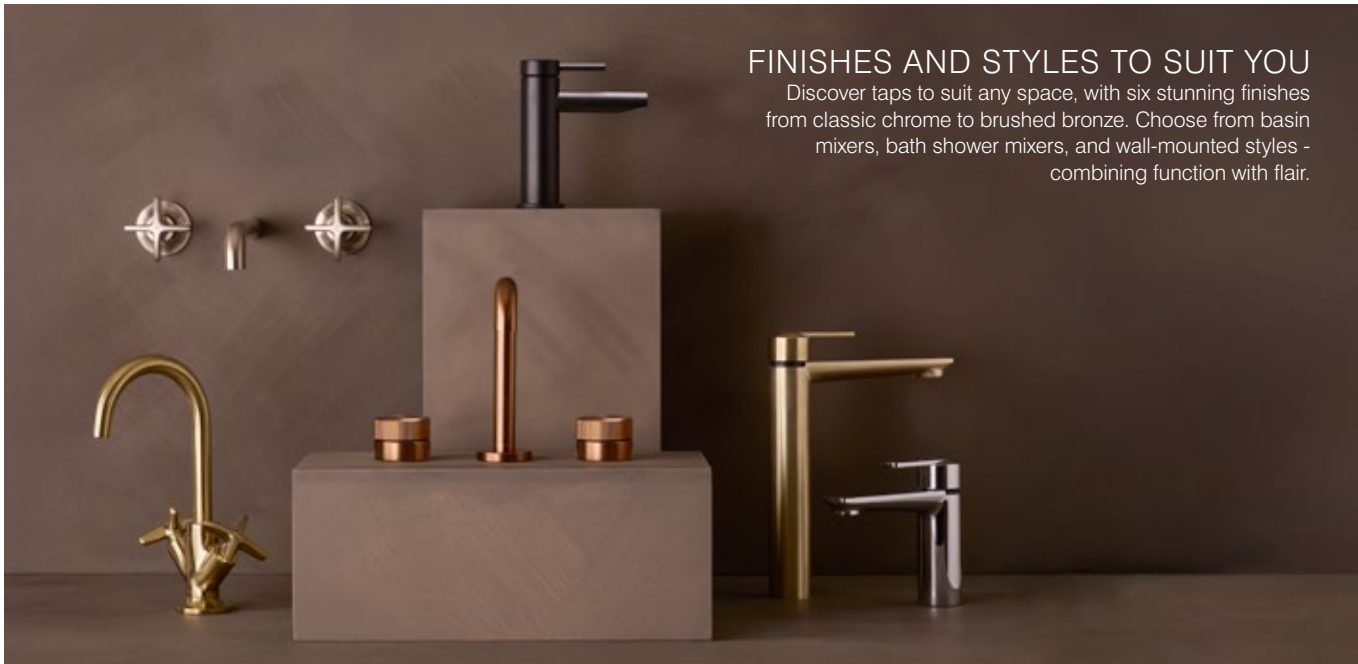

## TAPS & SHOWERS

# ROPER RHODES TAPS

**WHERE DESIGN MEETS PERFORMANCE**

Our taps are designed to work around your needs. From the close detailing to the tactile features and tap design, our brassware is focussed on giving you the best performance.

**EFFICIENCY IN EVERY DROP**

Our water savers are designed to save water without compromising performance. They reduce water usage while maintaining a strong, steady stream. These taps are ideal for environmentally conscious homes, helping lower utility bills and conserve natural resources - all while adding a stylish touch to your bathroom.

Making the perfect choice

TAP BUYING GUIDE & FEATURES

Use the table below to guide you through our tap collection. Make your choice from the wide range of designs to suit both low & high pressure applications.

	Basin mixer	Mini basin mixer (ideal for cloakrooms)	Tall basin mixer	Side action basin mixer	3 hole basin mixer	Wall mounted basin mixer	Basin taps (pair)	Bath filler	Bath shower mixer with handset	Wall mounted bath shower mixer with handset	Freestanding bath shower mixer	Wall mounted spout	Stand pipes

GUARANTEE  
10 year guarantee  
including tap cartridge

LOW PRESSURE 1

Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.1bar pressure\* and above

LOW PRESSURE 2

Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.2bar pressure\* and above

MEDIUM PRESSURE

Suitable for all plumbing systems including conventional gravity fed or modern pressurised ones with a minimum 0.5bar pressure\* and above

HIGH PRESSURE

Requires a minimum pressure of 1.0bar or above and are more suitable for modern pressurised plumbing systems

SWIVEL AERATOR

Allows the position of the running water to be moved

SWIVEL SPOUT

Allows the spout to be moved from side to side

LEVER ACTION  
CERAMIC TECHNOLOGY

A smooth, easy to use action giving accurate flow control

QUARTER TURN  
CERAMIC TECHNOLOGY

Quarter turn taps only require a 90° turn of the handle to move from fully open to closed

UNDER SPOUT  
DIVERTER

Located underneath the spout, turn to divert the water flow to use the shower or fill the bath. Easier to clean

10 YEAR  
GUARANTEE

All taps come with a 10 year guarantee, including the tap cartridge

PVD

A hardwearing and scratch resistant coating

CHROME3

Utilising Chrome3 electroplating, a more environmentally friendly process

ECO1

Compatible with our optional water and energy saving shower flow regulators

ECO2

Compatible with our optional water and energy saving basin tap flow regulators

ECO3

Compatible with our optional water and energy saving basin mixer flow regulators

\*Bar pressure is a unit of measurement for pressure  
0.1bar is equal to a metre head of water. In plumbing terms this means that for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1bar of pressure at the tap

## WATER SAVING FLOW REGULATORS

Our range of optional regulators and aerators are an easy, cost effective way you help save water. These can be used with selected Roper Rhodes products to help reduce your water consumption.

### ECO1 SHOWER WATER SAVERS

Suitable for showers & bath shower mixers displaying the ECO1 icon

6 litres/min  
FR01

8 litres/min  
FR02

10 litres/min  
FR03

£11.40  
each

- Mount between the valve & hose for shower valves with handsets or your bath shower mixer
- Mount between head and arm on your fixed shower heads
- We do not recommend the use of regulators with bath taps or fillers as you will want your bath to fill as quickly as possible

### ECO3 BASIN MIXER WATER SAVERS

Suitable for taps displaying ECO3 icon

1.7 litres/min  
FR04

3.5 litres/min  
FR05

5 litres/min  
FR06

£10.10  
each

- Produce aerated water flow
- Simple to install into the aerator housing of basin mixer
- Available in a range of flow ratings

Basin mixer water savers include a chrome plated housing as standard. For black and brushed brass taps order an additional housing below.

Black SP21477 £3.80  
Brushed brass SP21478 £3.80

### ECO2 BASIN TAP WATER SAVERS

Suitable for pairs of taps displaying the ECO2 icon

3 litres/min  
FR07

5 litres/min  
FR08

7 litres/min  
FR09

£4.90  
each

- Install into the inlet of the tap
- One required for each tap, therefore please purchase in pairs
- Available in a range of flow ratings

# UNDERSTANDING YOUR SHOWERING OPTIONS

## EXPOSED SHOWER VALVES

Bring the charm of traditional brassware into your home. Our timeless collection of surface mounted showers pair the period style you love with our tried and tested engineering, giving you that vintage feel with the comfort that your shower will last for years to come.

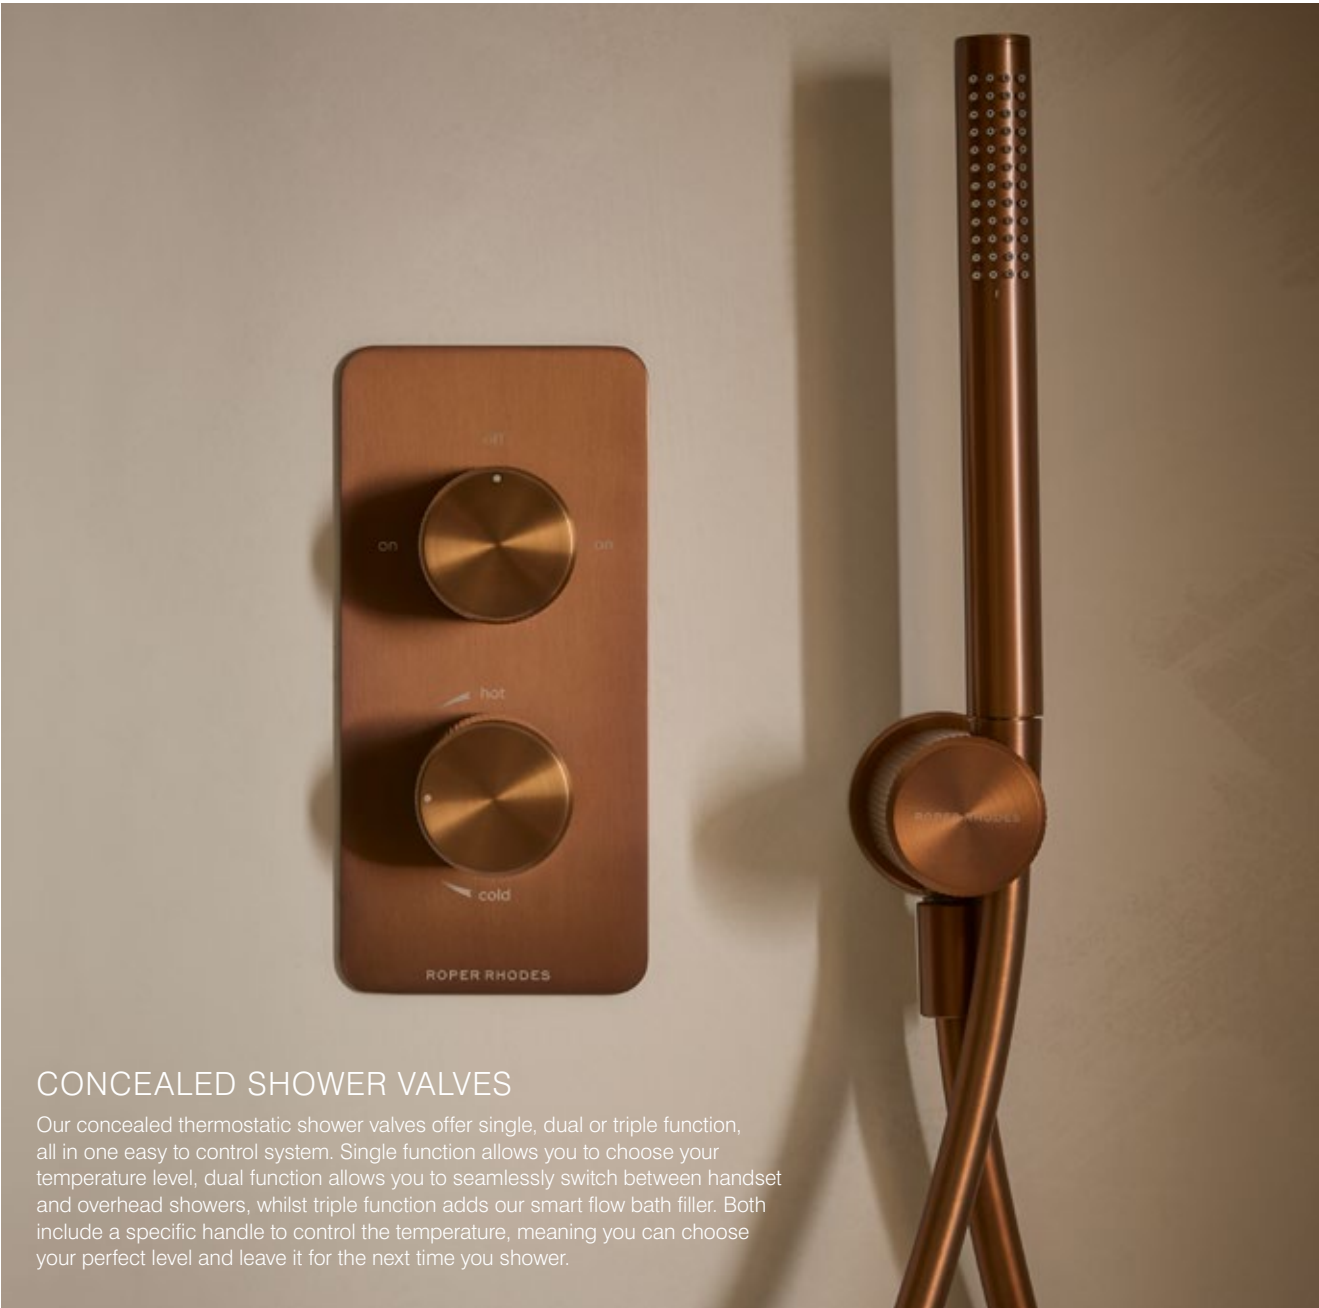

## BAR SHOWERS

Occupying slightly less area than traditional exposed valves, bar valves are an economical choice that are ideal for compact shower spaces. Exceptionally easy to install and maintain, our collection of bar style mixer shower valves are available with a classic single function handset, or as a dual function system with a rainfall effect showerhead. Available in smooth, round or sleek square designs.

## PUSH BUTTON SHOWER VALVES

Making the everyday task luxurious. Swiss engineering combines with intelligent push button technology to offer you effortlessly luxurious showering, all at the touch of a button. Available in an expansive range of styles and configurations.

## CONCEALED SHOWER VALVES

Our concealed thermostatic shower valves offer single, dual or triple function, all in one easy to control system. Single function allows you to choose your temperature level, dual function allows you to seamlessly switch between handset and overhead showers, whilst triple function adds our smart flow bath filler. Both include a specific handle to control the temperature, meaning you can choose your perfect level and leave it for the next time you shower.

## 10 YEAR GUARANTEE

All Roper Rhodes shower systems come complete with a 10 year guarantee, including the thermostatic cartridge.

## PVD

PVD hardwearing & scratch resistant coating. Brushed brass finish

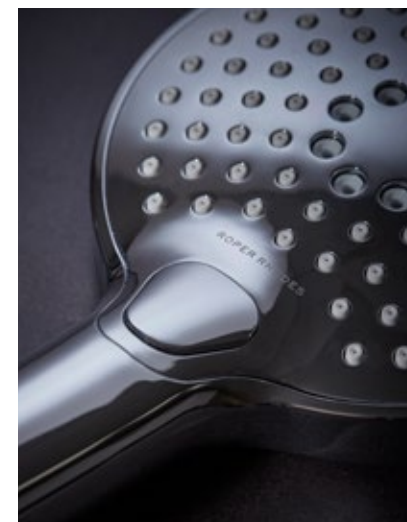

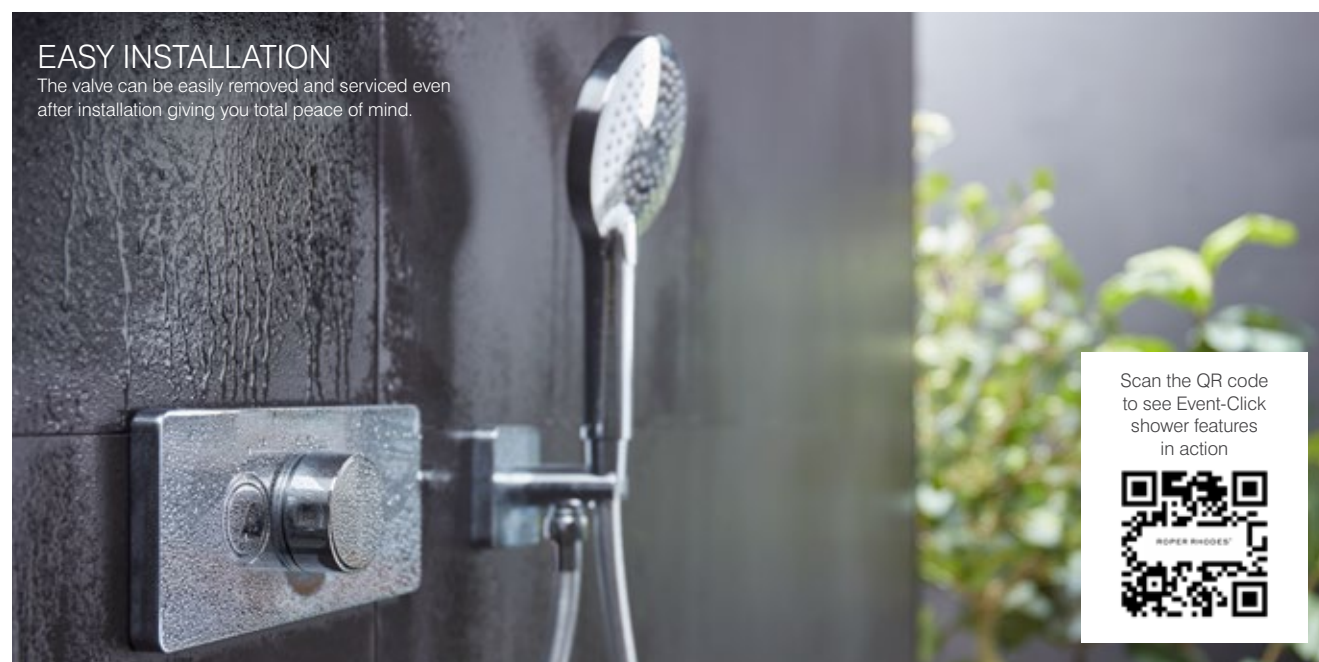

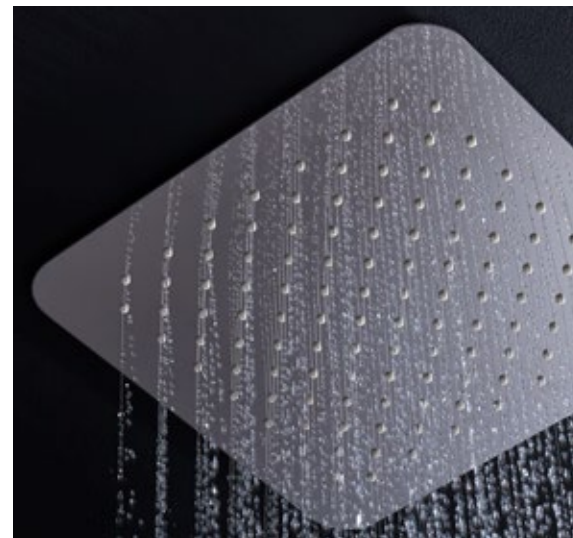

*Making things simple*

## CONCEALED PUSH BUTTON SHOWERS

Push button shower systems are the perfect family showering solution, the ergonomic controls allow you to change the showering function at the push of a button. Our Event-click showers are easy to operate and the ideal solution for the modern bathroom. The shower handset features 3 invigorating spray functions, energising, relaxed and massage, providing you with the ultimate choice for relaxation. The separate thermostatic control dial means you can set your desired temperature which keeps it constant for every shower.

# CONCEALED & EXPOSED SHOWERS

Concealed and exposed showers offer both functionality and style, catering to a range of design preferences. Whether you opt for the minimalist appeal of concealed fixtures or the classic charm of exposed designs, these showers are available in single, dual, and triple mixer options to suit your water control needs. Each configuration brings a sophisticated finish to your bathroom or shower room, blending seamlessly with your bathroom décor. To complete the look, explore our wide selection of bathroom taps and accessories, thoughtfully curated to ensure a cohesive aesthetic throughout your space.

# CREATE YOUR OWN SHOWER

---

If our shower packages don't suit your requirements then you can design your own shower to meet your own specific needs & style. The guide in this section will help you select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower components available & build a shower which is bespoke to you.

Make it unique

# CREATING YOUR OWN SHOWER

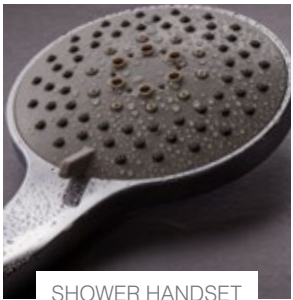

## CHOOSE HOW MANY FUNCTIONS YOU REQUIRE

How many functions would you like your shower to control?  
Our selection of valves give the option to choose from single, dual and triple function controls, see pages 220-239

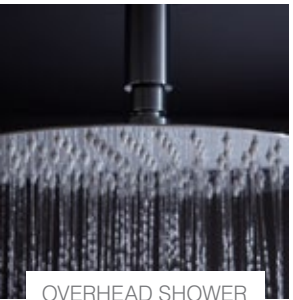

**SINGLE OUTLET**  
for single function valves to control a fixed head, handset or bath filler

**DUAL OUTLETS**  
delivering water to two separate outlets for dual function valves to control two outlets, see options opposite

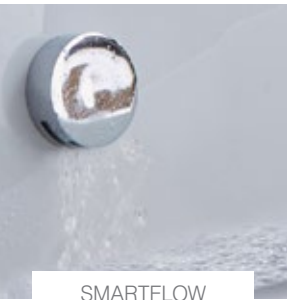

**TRIPLE OUTLETS**  
delivering water to three separate outlets for triple function valves to control three outlets, see options opposite

SMARTFLOW  
BATH FILLER

BATH MOUNTED  
SHOWER KIT

## OUTLET OPTIONS FOR SHOWER VALVES

Once you have decided whether you want a single, dual or triple function shower valve (p220-239), next you need to decide what outlets you would like your system to control. Choose from the selection above, all of which are available from Roper Rhodes, see pages 270-279 for all available options.

SVARM34	Brushed nickel	£100.00

The finishing touch

# BATH FILLERS

With a Smartflow bath filler, water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

PVD  
PVD hardwearing  
& scratch resistant  
coating. Brushed  
finishes only

GUARANTEE  
Smartflow bath fillers benefit

## COLLECTION

Our team of product designers are experts in the art of blending functionality with elegance, designing mirrors, cabinets, and lighting solutions that not only elevate your space but also enhance your daily routine. With a keen eye for detail and a passion for innovation, they focus on developing products that seamlessly integrate with each other, ensuring your bathroom is not just beautifully lit but also perfectly coordinated.

## LIGHTING, MIRRORS & CABINETS

## Bathroom lighting

# COMPLETE LIGHTING SOLUTION

With over forty years of experience, we know it's the details that matter. A great lighting design is key to a high-end bathroom that looks great in every light.

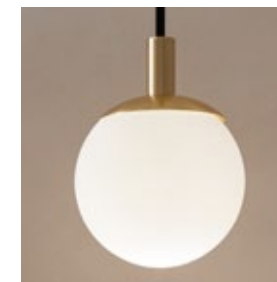

Our lights can be used conventionally or can be connected by WiZ allowing all lights to work seamlessly together and be personalised to your routines and preferences. All our lighting is IP44 rated for safe use in the bathroom.

1

### WALL LIGHTING

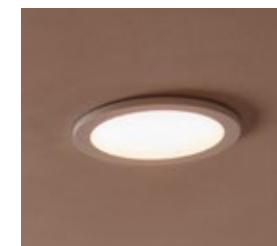

Available in Fluted, Traditional & Globe styling see pages 302-304 for full details

2

### PENDANT LIGHTING

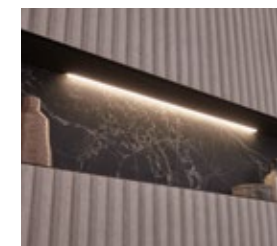

Available in Fluted and Globe styling see pages 302-303 for full details

3

### DOWN LIGHTING

Ceiling down lighting available see page 304 for full details

4

### STRIP LIGHTING

Strip lighting available to use under furniture units or in wall alcoves see page 305 for full details

5

### MIRRORS

Connected by WiZ mirrors also available see page 316-317 for full details

Connected by  
**WIZ**

### CONNECTED BY WIZ

Although our lights can be used conventionally they can also be used as smart lights when connected by WIZ making them completely customisable allowing you to set, schedule and adjust your lighting scheme within the WIZ app. Seamlessly integrated with your choice of smart speaker, all of our connected by WIZ products can be voice activated, and further simplified with our convenient smart button.

### SMART BUTTON CONTROL OPTION

Enjoy quick and easy control of your lights with the WIZ smart button. This battery operated device enables direct control of your lighting scheme, without going through the app. The smart button can be easily affixed to your wall, without screws, in a place convenient to you.

### CONTROLLING YOUR LIGHTING

Smart bathroom lighting connected by WIZ  
Also available non-smart.

### LIGHTING STYLES

Create beautiful spaces and points of distinction in your bathroom with our lighting designs. Available in two finishes, in globe or fluted styles, our extensive range of wall lights and pendants offer form and functionality. Further enhance your bathroom with ambient lighting strip, illuminated mirrors and downlights from the collection. All designed specifically for use in the bathroom environment.

Our lighting collection benefits from a 3 year guarantee, covering manufacturing defects and a 2 year guarantee for consumables (bulbs and switches), giving you complete peace of mind.

# ROPER RHODES MIRRORS

 **MOTION SENSOR TECHNOLOGY**  
Brings convenience and efficiency to your space. It automatically lights up your mirror as you approach, providing illumination without the need for hand movements. When no motion is detected, the light turns off, conserving energy and maintaining a clean, minimalist look.

 **CONTROL RELIABILITY**  
Switches are tested through 100,000 cycles to ensure durability and reliability throughout the products lifetime.

**GHOST GLASS**  
Experience the elegance of innovation with our ghost glass bathroom mirrors. When switched off, the mirror presents a sleek, seamless surface with no visible light perimeter - maintaining a clean, minimalist aesthetic. But with a simple touch, the edges come to life, softly illuminating to reveal a striking halo effect around the mirror. The result is a subtle transformation - an everyday mirror that becomes a luminous design statement.

Connected by **WIZ**

**CONNECTED BY WIZ**  
Our WIZ integrated mirrors are completely customisable - allowing you to set, schedule and adjust your lighting scheme with ease. Combine with our extensive lighting solutions to create a complete smart lighting scheme. See pages 316-317.

**BEYOND REFLECTIONS**  
Merging the latest in technological advances with our signature style, our range of mirrors and cabinets offer intelligent storage and features.

Whether you're adding a focal point for your bathroom or just want to add a mirror for purely practical reasons, our range has all the options you'll need.

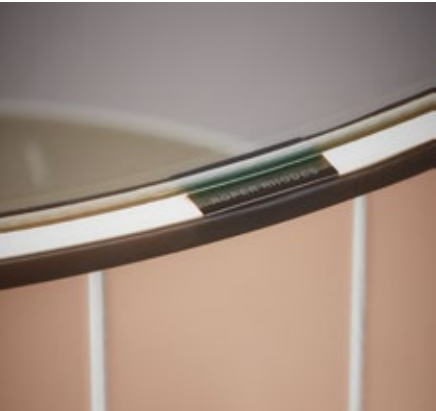

Making the perfect choice

Circular 800	WAM80C	ø800 x 42
Circular 1000	WAM10C	ø1000 x 42

STEP  
2

Pick your frame finish

Add the suffix below to your base code

Black	Brass	Nickel	Bronze	RRP
-BL	-BR	-BN	-BZ	£355.00
-BL	-BR	-BN	-BZ	£365.00
-BL	-BR	-BN	-BZ	£375.00
-BL	-BR	-BN	-BZ	£350.00
-BL	-BR	-BN	-BZ	£430.00
-BL	-BR	-BN	-BZ	£550.00

STEP  
3

Pick you accessory (optional)

Add the suffix below to your finish code

Wall Brackets  
-F1  
£45.00

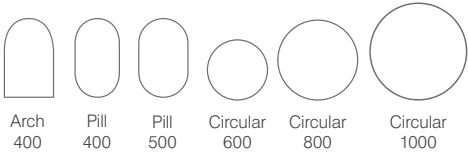

Brown Strap\*  
-F2  
£45.00

Black Strap\*  
-F3  
£45.00

TOP  
TIP

When ordering Walcot mirrors please remember to follow **steps 1-3**.  
Shown here is an example code for **WAM40P-BL-F1**. This would generate  
an order for a Pill 400/800 in black with wall brackets.

\*Straps are not compatible with 1000 circular variants

Endless shapes, infinite choices

# ROPER RHODES CABINETS

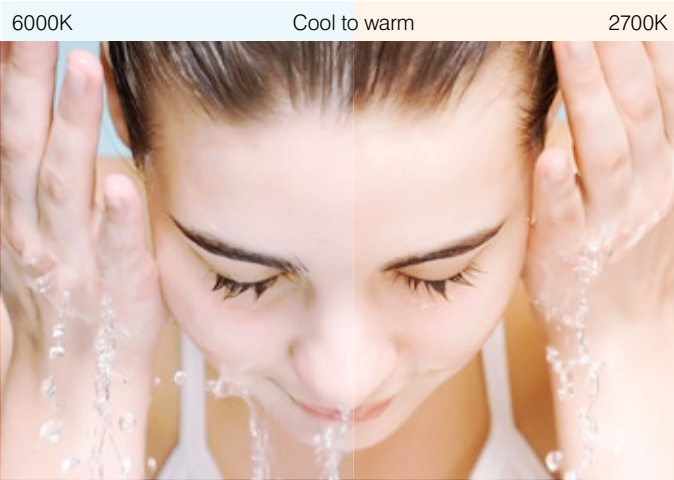

AT THE WAVE OF A HAND  
Easily control your cabinet with our intuitive contactless controls. Designed with you in mind, these controls add simplicity and convenience to your everyday tasks, plus they're hygienic too.

SHELVING WEIGHTS  
Our shelves are designed to carry all manner of cosmetics, for your peace of mind these will last we test them to hold at least 10kg.

FIND YOUR PERFECT LIGHT  
Transform your space with ingenious colour changing technology. Invigorate your morning with bright, crisp daylight, or wrap yourself in a soft, warm glow and as you spend an hour relaxing in the bath. With a wide spectrum LED ranging from 2700-6000K, you can easily shift your mirror lighting from cool and white to warm and intimate at the simple touch or wave of the hand.

CHARGING SOLUTIONS  
Discover true convenience with our range of charging enabled mirrors and cabinets. Sleekly designed hidden sockets are perfect for tooth brushes or razors. Plus, wireless charging is available in our Boost cabinet (page 332), perfect for charging your phone when you're busy getting ready.

Making the perfect choice

Discover

# ROPER RHODES TOILET SEATS

**Secure-Fix QR**

Adjustable hinge technology that simplifies the installation of quick release seats and keeps the seat firmly in place.

**QUICK RELEASE**

Allows the seat to be lifted away easily, leaving clear access to clean otherwise hard to reach surfaces.

**TOP FIX HINGES**

Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

**ANTI-BACTERIAL PROTECTION**

An environmentally friendly built-in additive provides a hygienic finish to a number of our toilet seats and protects against bacteria, fungi and microbes.

**SOFT CLOSE HINGES**

The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring. Mechanisms are extensively tested to ensure long life.

**EPD HUB**

Roper Rhodes are dedicated to developing products that have consideration to their environmental impact and their full product life cycle. The introduction of 3rd party verified environmental product declarations (EPDs) in accordance with the European standard EN 15804 are now in place.

**GUARANTEES**

All our solid wood toilet seats are made using the finest timber from sustainable sources and benefit from a 2 year guarantee against seat breakages. Our thermoset and MDF toilet seats include either a 5 or 10 year guarantee against seat breakages.

[roperrhodes.co.uk/stockists/](http://roperrhodes.co.uk/stockists/)

### WEBSITE

Visit our website to find even more inspiration for your next bathroom project, with detailed guides and inspiring articles. Here you can also find technical details for all our products, as well as access our customer service team and list of stockists.  
[roperrhodes.co.uk](http://roperrhodes.co.uk)

### HOW TO CONTACT US

If you need to contact us, our experienced in-house customer service team has a wealth of knowledge about our products.

01225 303900  
[sales@roperrhodes.co.uk](mailto:sales@roperrhodes.co.uk)

Monday to Thursday - 8:00am - 5:30pm  
Friday - 8:00am - 5:00pm

### GUARANTEES

Many of our products carry lengthy guarantees. Our furniture, showers and taps carry 10 year guarantees. 20 year guarantee on basins and WCs whilst our seats either have a 2 or 10 year guarantee. Our lighting offers 3 years for manufacturing defects and 2 years on consumables like the bulbs and switches. Please see individual product sections for details. Guarantees are for domestic use only and are not transferable.

### REPLACEMENT PARTS

We carry extensive stocks of replacement parts and are normally able to dispatch spares within 24 hours of your request. Damaged parts will be replaced with a spare part where possible, complete exchanges will only be made where it is not practical to do so.

### PRICING

All prices quoted are inclusive of Value Added Tax, which will be charged at the rate applicable on the date your product is dispatched. The prices charged will be those ruling at the date of dispatch and Roper Rhodes cannot be held responsible for any errors or omissions in this brochure.

### PRODUCT SPECIFICATION

Roper Rhodes furniture is designed for use within domestic installations which are adequately ventilated and is not suitable for installation in wet rooms. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basin and worktop joints and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician in line with current wiring regulations.

Roper Rhodes Ltd reserves the right to amend the specification of its products at any time if an opportunity to improve the product occurs. All dimensions are approximate and are quoted within reasonable tolerances.

The furniture colours shown in this brochure are representative only and can be affected by a multitude of factors such as lighting and surrounding items.

Products with a brass finish may not match exactly due to variations in the brass alloy composition, differences in finishing techniques, natural aging processes causing patina and the lighting they are compared in. Imagery shown in this brochure is representative only.
